Butler's Pilgrimage.

CHICAGO, Sept. 4.—General Butler left for Minneapolis at 1 o'clock this morning, accompanied by a delegation composed of William C. King, J. F. Lee, P. H. Shadrick and W. W. Gean, from that city, who journeyed here to meet him. He will make a short stay at Milwaukee en route. General Butler said to an Associated Press representative this morning that he declined to make any statement as to a probable fusion with the democrats in Illinois. He had a consultation during the morning with Mr. Overly, chairman of the democratic state central committee, upon the subject. Members of the people's party, who were present at the conference, declare that no decision as to fusion would be reached for the present in any event.

Caught on Wheat Deals.

ST. PAUL, Sept. 4.—The Minnesota Elevator company, of Red Wing, organized about a year ago, made an assignment yesterday to Judge E. T. Wilder. The company owned between thirty and forty elevators situated on branches of the Milwaukee and St. Paul railroad, running east from Reed's Landing and the Wabash respectively. The liabilities are said to be $200,000 and assets $290,000. Among the stockholders are Governor Hubbard and State Senator J. G. Lawrence; also, C. B. Hotchkiss and B. S. Hurd, of Bridgeport, Conn., and W. J. Watts, of Scranton, Pa. The cause of the failure is not definitely known though it is rumored that the institution has been caught on wheat deals.

The news of the assignment caused a run on the First National bank of Wabash, which it is understood had discounted some of the company's paper. The bank suspended payment for a few hours, but later in the day resumed and announced its ability to meet all obligations promptly.

The Chinese on the War Path.

HONG KONG, Sept. 4.—The Chinese have cut a military road through the French cemetery at Canton, destroying the Mausoleum and rifling its members. The China commission paid the French consul at Hong Kong 27,000 francs indemnity for losses incurred by the French subjects in the Canton riots in 1883.

PARIS, Sept. 4.—It is probable that Admiral Courbet will occupy the Island of Formosa. This is necessary in order to secure the ratification of the treaty of Tsen Sin and the further payment of the indemnity for the Langson affair.

LONDON, Sept. 4.—Advices from China state that three Chinese armies are to invade Tonquin, one from each of the three northern provinces. The China army from Kong Si number 25,000; that from Nan 20,000; from Kong Tung 20,000. The Yun Nan army will join the black flags at Lav Kai on the Tonquin frontier.

The Cholera.

LONDON, Sept. 4.—A Rome correspondent of the *Times* says: "A cholera panic prevails throughout Italy. Each town is taking measures for its protection regardless of the government. Some post guards and prevent travelers from entering the precincts until after a quarantine of twenty days. Many towns have closed their gates to every one. The villages have established armed cordons. The result is that in many parts of the peninsular practical anarchy prevails and travel and traffic is greatly interrupted."

A Big Forgery.

LEXINGTON, Ky., Sept. 4.—A forged draft for $5,950, drawn on First National of this city, in favor of Wm. Tarr & Co., in favor of Wm. Tarr, jr., was sent here to-day for collection. It seemed the party purporting to be Tarr, jr., forged the draft and had it cashed in Louisville yesterday, by J. W. and D. S. Green. Wm. Tarr & Co., are wealthy distillers here but there is no such person as Wm. Tarr, jr.

A Poor Foundation.

PITTSBURG, Sept. 4.—While workmen were engaged at work upon a frame house, on the south side last evening, a jack screw placed under one corner slipped out and the house fell. Daniel Trontwine, aged twenty, was almost instantly killed, and his father, William Trontwine, was seriously injured. A lady named Lynch and four children were in the house at the time the accident occurred, and although the roof fell and nearly all the furniture in the house was broken, they escaped unharmed. The building is a total wreck.

Indicted for Murder.

LOGANSPORT, Ind., Sept. 4.—Solomon Spencer was indicted for the murder of Alva Spencer who died suddenly under suspicious circumstances two years ago. Mr. and Mrs. Kiever are also indicted for the same offense.

NEW YORK, Sept. 4.—The difference between the stone cutters and master masons continues. The apprentices were all locked out this morning. No prospect of settlement.

NEW YORK, Sept. 4.—Receiver Osborne, of the suspended Wall street bank, began to pay a 60 per cent. dividend today.

ROME, Sept. 4.—At Nicosia, Sicily, a fire occurred in a sulphur mine and twenty persons perished.

DECAPITATED.

A Horrible Accident in the New Pittsburg Yards--The Head of Joseph Cattes Severed From the Body.

A horrible accident occurred at an early hour this morning in the new Pittsburg yards by which a man lost his life, his head being completely severed from the body.

The particulars of the accident are that Joseph Cattes, a car inspector for the Pittsburg, and another employe of the company, whose name could not be learned, were engaged in repairing a car which was standing alone on one of the sidings. In their work they were obliged to remain under the car and were, consequently, hidden from view of the engineer of a switch engine which was in the yards. The rule of the company that a flag should be placed on the car while workmen were being engaged upon it was also not followed, and the engineer, not suspecting their presence under the car sent his engine crashing against it. When the shock came the men intuitively clutched the brake beams of the car in order to save themselves, but Cattes, the car inspector, it seems lost his hold and in some manner fell upon the rails. In an instant the wheels passed over his neck; completely severing his head from his body. The scene was a sickening one. The head with the features distorted with pain apart from the body which lay in a pool of blood, caused many who hastened to the scene to turn sick at heart. As soon as possible the remains were gathered together as best they could, and were taken to Peltier's where they will be prepared for burial.

The unfortunate man has been in the service of the company for the past twenty-five years and was a hard-working and honorable citizen enjoying the confidence of his employers. He resided in Frenchtown, and leaves a large family. The failure to place the signal flag was the cause of the accident and was due entirely to his own negligence, he believing, possibly that he would be detained but a few moments. His companion escaped injury.

The funeral of W. S. Lingle, late postmaster and editor of the *Courier* of Lafayette, occurred this afternoon at 2 o'clock. Many editors of the state attended the funeral. Mr. Lingle was born in Lawrence county, Ind. At an early age he was left fatherless, and his mother, remarrying to J. W. Hines, moved to Madison. Here Mr. Lingle spent his boyhood and early youth. He was educated at the Lawrenceburg institute and subsequently took a partial course in Asbury university, at Greencastle. After his removal to Madison he became a telegraph operator, and during his leisure moments read law with the Hon. Joseph H. Marshall, of Jefferson. About this time he accepted a position with Col. W. G. Terrell, who was then publisher of the Lafayette *Journal*. In the year 1856 he retired from the *Journal* and purchased the *Courier* of W. R. Ellis, of which he continued owner and editor until the time of his death.

THE ANSWER.

The Indianapolis Sentinel Files Its Answer in Response to the Blaine Libel Suit,

In Which it Avers That the Charges Made in the Article Are all True.

Mr. Blaine is Also Requested to Reply to a Number of Leading Interrogatories.

The Blaine Libel Suit.

INDIANAPOLIS, Sept. 4.—The answer of the *Sentinel* company in the Blaine libel suit was filed in the United States court this morning. The defense admits the printing and publishing of the article complained of in its issue of August 8,1884, and denies that it was false in any particular thereof. It sets forth that James G. Blaine was married to Harriet Stanwood at Pittsburg on or about March 25, 1851; that prior to that time, during their courtship Blaine seduced Miss Stanwood; that he at first refused to make reparation for the wrong done, but being afterwards strongly urged thereto and violently threatened with chastisement and punishment therein for his said wrong doing, and perchance repenting of the evil, married her as stated; that in June following a child was born, who was known as Stanwood Blaine, which lived two or three years and was always acknowledged by the plaintiff and his wife as their son, by reason whereof the defendants say matters and things set forth in the article recited are true, and the same being true they were published of and concerning the said plaintiff by the defendants, as they justly and lawfully might do.

The defendants file with their answer a number of interrogatives and require that the same be answered by the plaintiff under oath positively and without evasion within such time as may be designated by the court thereby, among which are the following: State when you finally left Kentucky; if you at any time resided there; when you went there; where were you next employed and in what business or calling; if you answer that the maiden name of your wife was Harriet Stanwood, state when she finally left Kentucky and when and where you next met her; give the state and place of your marriage and the names of the persons besides yourself and wife who were present on the occasion; what acquaintance had you with Jacob Stanwood; what relation was he, if any, to the person you married, and what conversation or interview did you have with him before said marriage concerning the same, and where did such interview, if any, occur and what was said and done therein; was not the first child of said marriage born on the 18th day of June, 1851; where did the child die; where was it buried and if in any cemetery give the name of the cemetery; was any tombstone or monument erected at the grave of said child giving the date of its birth, and by whose direction was the tombstone erected; did not the said tombstone bear the following inscription relative to the birth of the child, "Stanwood Blaine, born June 18, 1851;" has any portion of such inscription on said tombstone been erased, if so what portion thereof; what acquintance have you with a book called "The Life of James G. Blaine," written by Russell H. Conwell with an introduction by Governor Robie, of Maine, and published by E. C. Allen & Co., of Augusta, Me., in the year of 1884; were not the proofs of such work submitted to you for revision; is not the statement made upon the sixty-eighth page of said book as follows: "Miss Stanwood in March 1851 became his wife at Pittsburg, Pa.," a correct statement of the time and place of your marriage; did you not communicate to the author of said book for his use in such work the name and place of your marriage as aforesaid?

One Taken and the Rest Left.

CHICAGO, Sept. 4.—The *Republican's* special from Dodge Center, Iowa, says that while John Currier and five other persons, including his wife, were driving to town they were overtaken by a thunder storm and lightning struck the wife, killing her instantly. Both horses were killed.

Not a Complete Success.

TROY, Ohio, Sept. 4.—Mrs. F. Merrill yesterday shot her husband in the back part of the head and then took poison. His wound is not dangerous but it is not thought that she can recover. Supposed cause is sudden insanity.

AMONG the Blaine bolters at Tuscola, Ill., are Prof. W. F. Black, the evangelist, and Revs. G. Louther, L. F. Miller and C. E. Jones.

SAM SMALL, of Atlanta, Ga., boasts of having more than eighty scrap books covering the political history of men and events in Georgia for forty years past.

THEY say that Calkins is a Methodist. That church must feel highly complimented to have as a member of its body a man who assessed a widow to help make him a congressman.

THE people of Buffalo have known Mr. Cleveland as one of their worthiest citizens, one of their manliest men—faithful to his clients, faithful to his friends, faithful to every public trust."—*Buffalo Express* (*Rep.*)

MR. CONKLING is reported to have substantially said to a personal friend: "If Cleveland was a good enough man for Mr. Blaine's friends to make governor of New York, perhaps some republicans may think he is a good man to make president."

INSTEAD of increasing the republican majority in Vermont the returns show a falling off of 2,660 from 1880 and of but 852 from the democratic vote of the same year. Where's the glorious republican victory in Vermont, that grand old staunch republican state?

THE executive committee appointed by the trade and labor convention held in Chicago March 28 and 29, has adopted a report recommending that all laboring men support the democratic state ticket. This report is signed by every member of the executive committee.

THE report of the state geologist, just issued, shows that there are 206 coal mines in nineteen different counties of the state, employing 5,400 men, receiving $1,500,000, producing 2,500,000 tons of coal, and requiring a capital of nearly $2,000,000 for their operation.

AN English girl of Concordia, Kan., fourteen years of age, has fallen heir to $5,000,000 by the death of a wealthy aunt in England. She is the daughter of a poor farmer and since the news of her good fortune has received a draft for $14,000 to enable her to get to England. The next best thing for the young lady to do is to marry an editor. Age is not a matter of consideration. A newspaper is a good investment for a few thousand.

IT would be a great card for the republican campaign managers to have Mrs. Fred Douglass take the stump and tell the colored people how to vote. If her success in this could equal that as a school teacher it would be truly alarming.

WHAT a glorious (?) republican victory that was in Vermont, my hearers. In 1880 the republican majority was 26,036. This year the chairman of the committee only claims 23,000 and it is probable it will fall below 20,000 when the returns are in. No wonder Blaine is sick.

AND now comes the information that the colored voters threaten to bolt Blaine. This is a sufficient proof of their increasing intelligence. The republicans in great alarm have called upon Fred Douglass to take the stump but it is not known whether his wife will accompany him or not.

MRS. WASHINGTON KEYSER, of Washington, D. C., became inspired to imitate the example of the Saviour in fasting. She died Wednesday morning after a period of forty-eight days of fasting. She weighed when well 275 pounds and at her death she only weighed 100 pounds. The desire for notoriety is very often mistaken for insanity and people sometimes resort to as queer acts to accomplish the former object as if insane. Very frequently, in fact, the terms are synonomous and the desire to fast, of which we have had many cases in the last few years, seems to be a popular idea to attract attention. There is nothing like originality and we would suggest that the next faster hit upon a new scheme.

SAYS the Hon. E. Pingree, governor-elect of Vermont: "It is my opinion that the vote in Vermont to-day will have no inconsiderable effect in other states in November. Although it is not improbable that Blaine will have a very heavy majority here, it is useless to deny that the republicans in this state are dissatisfied with their presidential candidate. We had a favorite son at Chicago whom we were anxious to see nominated. We were defeated and there still remains the feeling incident to disappointment. Through party usages alone will the major portion of the republicans support their ticket this fall. As a matter of fact, the result of to-day's election is not critical for foretelling the success of either presidential candidate. Why should it be? There are no dissensions about the state ticket, while the national ticket is groaning under a decidedly heavy load."

IN years far past the belief in the power of a snake to charm a person and render them powerless was almost universal, but lately little is heard of such occurrences. However, a well vouched for story comes from Pennsylvania, where a young lady, while out blackberrying, suddenly felt her ankle clasped as if by a rope and upon looking down discovered that a large blacksnake had wound itself about her limb. No sooner had her eyes met those of the reptile than she felt its power over her and lost all control of herself. This continued several minutes, during which time the circulation in that limb had been entirely checked, when the snake's position was changed and its power over her will was lost. She then seized it by the head and flung it from her. It is feared that the only chance to save her life is to amputate the limb which is considerably shrunken. This occurrence will revive all the old stories of the power of a snake's eye.

EUGENE BUNDY, the republican candidate for lieutenant governor, spoke at Huntington the other night and the *Democrat* says "the speech, if such it could be called, was a wandering and disconnected harangue, and in no instance did he lay down and discuss a proposition with anything like an argument supported by facts." It also suggests that "there were some things that Mr. Bundy could have told that perhaps would have been interesting. Had he explained the reason why he voted in the last legislature for every increased appropriation, he could have entertained his audience for two hours. While talking to the soldiers, had he told how he labored to defeat them out of their bounty in the Henry county courts, he would have related a few facts that were anything but creditable to himself. Had he told of his two hours' speech in the legislature to DEFEAT a bill regulating the freight and passenger traffic on the railroads in this state, whereby the farmers would have received great benefit in the shipments of their products, it would have convinced his audience that he, Bundy, is not the man to place as a presiding officer over a branch of our legislature. It is not worth while to take space or time to refer to Mr. Bundy's visit to Huntington. He made no impression and as an opponent of Gen. M. D. Manson, cuts no figure in Huntington county." Probably Mr. Bundy, like Mr. Calkins, "seldom makes personal explanations." They require entirely too much time in either case.

The only pane we can safely make light of, is the window-pane, but the pain that rocks our frame and tears our lungs is a matter of serious consequence. To alleviate the latter and effect a permenant cure, Dr. Bull's Cough Syrup is relied on by all sensible people.

RIOTS AND THE TARIFF.

Louisville Courier-Journal.

If the tariff protects the workingmen, why all this dissatisfaction, this complaint of low wages, this striking and rioting?

In New England, woolen and cotton mills are closed, and laborers discharged to "protect the capitalist."

In Pennsylvania and Ohio, mines closed, furnaces "banked up," laborers are starving in a land flowing with milk and honey; a land where wheat sells for seventy-five cents a bushel, and land from $1.25 to $5 an acre; laborers actually starving who are able to work and willing to work.

In Ohio, as in Pennsylvania, there is riot and bloodshed, and the troops are ordered out, not to "protect" workingmen, but to shoot them down.

This, men of America, is the work of your tariff.

Protection closes your mills and furnaces and arms the militia.

Protection draws the immigrants by the hundreds and thousands, fills the labor market and puts the workingmen in the absolute control of the capitalist.

Protection is the mother of monopoly, and, under the guise of regulating commerce and encouraging manufactures, it has pampered and subsidized as unmanageable a brood of monopolists as any nation was ever cursed with.

We protect our workingmen, as we protect our Indians, by starving them to death.

Workingmen, the remedy is with you; it must come by a revision of the tariff, by a freer commerce; by removing restrictions from trade, thus opening to us the markets of the world and giving the workingmen constant employment.

In Pennsylvania, miners are fed by public charity; in Ohio they are guarded by the militia; in Kentucky they are driven from work by convicts.

Now, miners and laborers in mills are protected, if the tariff can protect them. Farmers, carpenters, masons, railroad men are not protected; they are heavily taxed to subsidize owners of mines and factories. Times are hard on the farm and prices low, yet distress is not known.

To the Editor of THE SENTINEL.

Please oblige many of your subscribers by publishing Trustee McCulloch's statement of the outlay in the well experiment, as given below. Citizen.

The contract with Mr. Hopkins was to pay him $5 per foot, provided the well would yield 300,000 gallons in twenty-four hours. If it failed to do this, $2.50 per foot. He was not to bore over 120 feet and the terms of this contract will be adhered to. The well only yields 16,000 gallons of good, pure, cold water. Mr. Hopkins will receive only the lowest price above stipulated. Many wells driven into the rock along the line of the Pittsburg railroad have yielded large amounts of water. We are disappointed that ours does not do as well, but that source of supply is tested, and what we do get is worth the money paid. Now the trustees propose to lay a pipe to the St. Joe river, construct a well on its banks which will keep out impurities and furnish at a cost of one-fifth of the price asked for supply from the canal all the water we need. We have the money to do this without using any derived from taxation, and we think our citizens and the gentlemen of the council will be glad when we settle in this way the long mooted water supply question.

Since that time several disputes have occurred in regard to the possession of the stock. Mr. Seavey, a representative of the Fort Wayne firm, was in the city yesterday in consultation with attorneys and the matter will probably be settled to-day as Mr. Seavey and his lawyer are at Markle with the intention of gaining possession of the goods forcibly, if necessary.

TWENTY-FIVE YEARS A PRIEST.

Grand Celebration of the Silver Jubilee of Rt. Rev. Bishop Dwenger—Clergymen Assemble Here to do Honor to the Prince of the Roman Church—The Ceremonies at the Cathedral.

Of all the festivals of the Catholic church none are observed with more solemnity and ostentation than the silver jubilee of its priests and bishops. This is the twenty-fifth anniversary of the ordination of Rt. Rev. Bishop Dwenger and consequently one of the most notable events in the history of the Catholic church in the west. Congratulations came to the distinguished prelate from every part of the union and the Catholic publications refer in terms of praise to the career of our princely priest, a brief sketch of whose remarkable life cannot fail to interest.

Rt. Rev. Joseph Dwenger was born in Anglaize county, Ohio, in 1837, and is now in his forty-seventh year. At the age of two years his father died and ten years later his mother was carried away by death. The orphan boy was cared for by friends, educated in the home school and later sent to college. He graduated with honor from Mt. St. Mary's seminary, at Cincinnati, and was ordained a priest by Archbishop Purcell, Sept. 4, 1859, at the early age of twenty-two years. To receive priestly orders at such an early age required a special dispensation from Rome, but on the presentation of the young divine's superior attainments the dispensation speedily came. Immediately after his ordination Father Dwenger was appointed professor of dogmatic and moral theology and placed at the head of the seminary at Carthegena, Ohio, controlled by the order of Sanguinists, of which Father Dwenger was one of the leaders. After filling this exalted position at the college for some time his health failed and he was selected for pastoral duty at Wapakoneta and afterward at St. Mary's, Ohio. For many years he was engaged in preaching missions and in the discharge of this sacred duty he traveled over the United States, principally, however, in the west. In this field he earned national fame in Roman Catholic circles and his worth was noted at Rome. In 1866 he accompanied Archbishop Purcell to the second plenary or national council of Baltimore, as theologian to the archbishop and representative of the order of Sanguinists. He was then but thirty years of age.

In 1872, at the age of thirty-five years, Father Dwenger was consecrated bishop of Fort Wayne, and given the insignia of a prince of the church of Rome, which includes a finger ring, a cross worn on the breast, distinctive gloves, sandals and an official robe. The functions of a bishop include all the rites of the church, two of the sacraments, confirmation and ordination, he alone can administer. The government of the church, oversight of the priests and deacons, care of discipline and doctrine, superintendence of education and many other duties are committed to him. He also takes part in the general councils called by the pope to decide matters of faith.

In 1874 Bishop Dwenger sailed for Europe at the head of the first American pilgrimage to Lourdes and Rome.

In 1883 he paid his official visit to the See of Peter to render an account of stewardship. On that occasion he was presented with a purse of $2,000 by the clergy of his diocese.

During Bishop Dwenger's reign there have been erected in the diocese three hospitals, one asylum and forty-nine new churches. There are now 150 parochial schools with 8,000 pupils. Besides there is one university, about fifteen academies, 125 churches, seventeen chapels, two orphan asylums, two manual labor schools and 110 priests.

Whilst in 1866 he went to the second national council a young priest, as theologian of an archbishop and the representative of a great religious order, he goes to the third national council of Baltimore, November next, as a bishop, young in years and the representative of a great and flourishing diocese.

Although an untiring, devoted worker in the cause of Almighty God and mankind Bishop Dwenger is remarkably preserved and among hundreds he could be pointed out as a lord of the great Roman church. In the discharge of his high duties he is prompt, careful, scrupulous and honorable. These characteristics are exacted with princely courtesy, but imperial firmness from his subordinates. To the lay people he is respectful, exemplary and just to all mankind. In the pulpit and on the rostrum the distinguished prelate is alike honored and admired. His celebrated lecture on the "Spanish Inquisition" will live in history. He has wonderful executive ability and in the management of the business affairs of his diocese has distinguished himself no less than in the spiritual field. These sublime attainments caused Pope Leo to commend in an especial manner his labors here and send the papal blessing to the Catholics of the Fort Wayne diocese. Bishop Dwenger's life is but another evidence that the humblest born may climb the highest, even in the sacred precincts of the church of Rome.

The episcopal residence, on Clinton street, this morning, was a picture worthy of description from an historian. Bishops, monsignors, distinguished theologians and clergymen were there to pay tribute to the head of the Fort Wayne diocese. The air was fragrant with perfume from floral blossoms, the gifts of admiring parishioners. Over the entrance to the bishop's library gracefully hung a floral heart. Tables laden with the delicacies of the season were arranged in the dining room and spacious north parlor for the episcopal feast. These likewise were bedecked with flowers and presented a delicious appearance.

At 9:30 the tower bell summoned all to the cathedral which was packed from door to door. The spacious edifice looked beautiful. The altars were decorated with bright flowers; over the episcopal chair hung floral chains, while a pretty evergreen arch stood in front of the altar surmounted by a cross of blossoms. On either side were pillars of palm, topped by pyramid bouquets. Entering on this pretty scene, from the south sanctuary, the lordly procession came and arranged itself in front of the altar. Rt. Rev. Bishop Dwenger assumed his sacred robes and celebrated pontifical high mass, with the Very Rev. L. Gutthehoede, O. S. F., of Cincinnati, as assistant priest. The deacons of honor were Revs. M. O'Reilly, of Valparaiso, and E. Koenig, of this city. The deacons of the mass were Revs. J. Bleckman, of Delphi, and H. A. Boeckelman, of this city. Revs. J. H. Brammer and J. F. Lang were the masters of ceremonies, with numerous assistants. Rt. Rev. Bishop Rademacher was the orator of the day and in the midst of the services ascended the pulpit to deliver an eloquent and masterly oration.

After dwelling some time on the significance of the priesthood in the new law, Bishop Rademacher turned to the celebrant of the day and said: "Yes, Right reverend and dear father and friend, if the day which twenty-five years ago witnessed your ordination and dedication to the special service of God and His church in holy ministry was full of the purest and most grateful joy, how much more must the present solemn remembrance of the multiplied and accumulated mercies of the Lord since that day fill your heart with the most humble and fervent gratitude. And in unison with your own heart the hearts of your devoted clergy and faithful people are bowed before the throne of mercy in the most earnest and profound thanksgiving but also in fervent supplication, that your life may be prolonged many years in unimpaired strength and vigor; that you may be spared to celebrate not only the silver jubilee of your episcopal administration, but also the golden jubilee of your priesthood and that finally when the 'Prince of pastors shall appear you may receive at his hands a never fading crown of glory.' Amen."

The choir was in splendid voice and the rendition of Mercadante's mass in B flat was a feature of the celebration at the church. At the offertory a trio sang sweetly "Jesu de Vivi," by Verdi, and at the conclusion "Te Deum" was given.

At the conclusion of the ceremonies at the church, Rt. Rev. Bishop Dwenger invited his guests to the episcopal residence where all sat down to a splendid repast. Among those assembled were Rt. Rev. Bishop Dwenger, Fort Wayne; Rt. Rev. Bishop Rademacher, Nashville, Tenn; Monsignor Benoit, Fort Wayne; Very Rev. A. Granger, C. S. C., Notre Dame; Very Rev. H. Drees, C. P. P. S., Carthagena, Ohio; Revs. H. Koehne and M. E. Campion, Logansport; Rev. E. P. Walters, J. Dempsy, D. Heile and J. H. Guendling, Lafayette; D. J. Spillard, Notre Dame; M. Fallize and P. Johannes, C. S. C., South Bend; H. A. Hellhake, Columbia City; A. Ellering, Warsaw; L. A. Moench, Plymouth; M. O'Reilly, Valparaiso; J. Nussbaum, La Porte; J. H. Bathe, Wabash; J. H. Rueser, D. D., Huntington; M. After dinner the brilliant assemblage retired to the bishop's library, where fragrant Havanas were blown into smoke. The magnificent gifts presented to his lordship were displayed for inspection, and the afternoon was nicely passed in pleasant conversazione. Thus terminated one of the greatest events in the life of Rt. Rev. Bishop Dwenger and well may he feel proud of the princely reception accorded him. There are other surprises in store for the honored prelate, but THE SENTINEL dare only hint at them.

THE LADS ABROAD.

The Republican First Voters Cut Loose at Columbia City and Ensconce Numerous Schooners—The Boistrous Conduct of the Crowd.

From the Columbia City Post.

Human nature is human nature the world over. Boys are boys the world over. Upon this ground, when the Fort Wayne boys come to the rural village of Columbia City, they must out themselves loose for all they are worth and proceed to make Rome howl. If our boys should go to South Whitley, or to Larwill, or to Cherubusco, they would also put on metropolitan airs and astonish the natives by their boorish conduct. The conduct of the Fort Wayne Blaine and Logan boys was no improvement over the conduct of the boys twenty-five years ago. They punished large quantities of beer and were quite boisterous on the street.

One would be led to believe from the account in Sunday's *Gazette* that the demonstration here on Saturday night was something. No, the democrats did not squirm when they "beheld their campaign lies publicly ridiculed and borne in the midst of gallant young voters." There was nothing to "squirm" about and as for gallant young voters, their gallantry appeared to run in the direction of sizing up schooners.

The Fort Wayne *Gazette* says the young bloods who came here on Saturday night "entrenched themselves back of principles which render them and their cause invincibles." That's all very pretty on paper, but when those invinuibles come to do battle with Columbia City mint julip their entrenchments present rather a water soaked appearance.

W. S. Oppenheim returned this morning from Bluffton where he has been attending court.

CLOSED THEIR DOORS.

The Pressure too Strong—A Well-known Fort Wayne Business House Shut Up.

It is not often that a newspaper reporter takes satisfaction in making notice of an old business house having closed its doors, or enjoys relating the troubles of the firm involved by such a course, and it is with some fears that we may be misunderstood when we say that we are pleased to make note that one of our most prominent business houses has been forced to close its doors. We trust our friends will not judge us harshly or hastily but listen to our explanation before they proceed to abuse us for inhumanity. As was said at the Academy lately, "We can stand almost anything but when an undertaker comes under our window and sings, 'I Am Waiting My Darling for Thee,' it's just a little too much."

This is the case and we are delighted to accord the fact that owing to their having received an immense stock, at ridiculously low prices, Salinger Brothers were forced to close their doors in order to arrange this immense stock and to rearrange and mark down their present large stock so as to conform in prices to the new goods received.

They have placards out announcing this fact and seeing them we have taken the liberty of interviewing Messrs. Salinger. They say they will be able to offer 1,000 pairs lined jeans pants at 50c, different kinds at 75c, $1, $1.25 and upwards.

Suits at $3, $4, $5 and upwards for men. Boys' clothing at such prices as seem unreasonable, being in many cases less than the actual cost of material their entire stock will be retailed at prices way below those paid by other dealers and the sale will continue until the entire stock is disposed.

Only customers will be allowed to reap the benefits of these prices and under no circumstances will goods be sold to competitors. Remember they re-open Saturday morning at 8 a. m.

All goods will be marked in plain figures and sold at strictly one price.

If you are troubled with sores, aches, pains and general weakness of the various bodily functions, don't be deceived by the advertisements of bitters, kidney medicines, etc., whose certificates of pretended cures, are often paid for. Put your trust in that simple remedy called Dr. Guysott's Yellow Dock and Sarsaparilla. It will cure you by purifying the blood and strengthening the weak portions of your body. You will also find it very refreshing to the brain and nervous system. The proprietors receive hundreds of letters bestowing upon it the highest praise.

THE SENTINEL never said Col. S. B. Ewart was for Cleveland. It said he thought more of Butler than Blaine and he does.

Your cough is growing worse. The soreness and pain in the throat and lungs is increasing. Better get rid of the absurd idea that anything will cure a cough or cold, and give Dr. Wister's Balsam of Wild Cherry a trial before it is too late. It never fails to check consumption and quickly cures all coughs and colds.

The Reformed church synod of the northwest will meet in St. John's church, this city, October 2. The Central synod of the same denomination meets at Crestline, Ohio, at the same time, and after concluding their sessions both synods will unite in dedicating the Reformed Orphan's home here on the 7th of October.

It is difficult to conceive a more harrowing spectacle than a man or a woman whose mental vigor makes them fully competent to discharge the duties they owe to society, stretched upon the bed of pain. Where they would gladly consecrate their best efforts to the amelioration of society. They are physically incapable. They need not despair, however for Athlophoros, the new and invaluable champion has taken up their cause. A single bottle gave almost instant relief to Mrs. Julia F. Hall, of Frankfort Mich.

Hay Fever.

I have been a Hay Fever sufferer for three years; have often heard Ely's Cream Balm spoken of in the highest terms; did not take much stock in it because of the many quack medicines. A friend persuaded me to try the Balm, and I did so with wonderful success. This recommendation you can use for the benefit of Hay Fever sufferers.—T. S. Geer, Syracuse, N. Y. Price 50 cents.

Beecher's Bad Head.

For two months in the year Henry Ward Beecher can't preach. In August and September he takes his vacation and endures the onset of the hay fever. A man with hay fever isn't accountable for his actions. He is frantic with snuffing, sneezing and headache. Every nerve in his skull thrills with distress and his head is a fountain of tears. He lives only to fly from sea side to mountain top in search of relief. This form of catarrh (hay fever) Ely's Cream Balm will cure. Placed in the nostrils it penetrates and soothes the affected parts at once, restores the impaired senses and creates healthy secretions. You cannot run away from hay fever, but you can drive it from you by using Ely's Cream Balm.

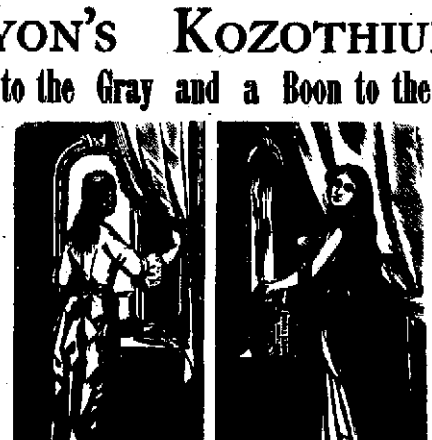
LYON'S KOZOTHIUM.

A Gift to the Gray and a Boon to the Bald!



BEFORE USING. AFTER USING.

Lyon's Kozothium is not a dye, but a clear, fragrant oil, and acts purely as a tonic to hair follicles and capillary circulation of the scalp, whereby it restores the natural action, as a result

RESTORES THE NATURAL COLOR

To the hair, rendering it soft and beautiful. This wonderful remedy, unlike all its predecessors, is

ENTIRELY FREE FROM SULPHUR, NITRATE or SILVER

And all noxious and deleterious chemicals. It has fast friends wherever known and used; it deposits no sediment upon the scalp, does not stain the skin nor soil the most delicate fabric, and is an

ELEGANT AND DELIGHTFUL HAIR DRESSING,

And an indispensable article to every lady's toilet. To middle-aged men who are prematurely bald, or becoming bald, it is especially recommended, and when fairly and properly used, will never fail in arresting the falling off of the hair and encouraging a vigorous and abundant growth of new and healthy hair.

From a Well-known, Prominent Clergyman.

SHELBYVILLE, Ill., June 13, 1884.

Messrs. A. Kiefer & Co: Gentlemen:—A year or two since I began to lose my hair. A prescription by a barber temporarily checked it, but after a brief time it again began to come out by handfuls, and a prescription by a physician again checked it.

During last winter and spring it again became dry and harsh, and finally left the top of my head bare. My attention was called to your Kozothium. I was afraid to use it, dreading sulphur, lead or nitrate of silver. But matters were growing worse daily, and the fly season was close at hand, so I procured a bottle of Kozothium. The result is an excellent crop of hair, and, strange to say, of its original color, soft and pliable, a clean scalp and no irritation, and this on the head of a man over fifty. I have no hesitation in saying it is the best hair restorer extant, and from trial I do not believe there is a particle of anything dangerous in it.

Yours truly, REV. B. MILLS.

From a Lady of Clay County.

BRAZIL, Ind., July 7, 1884.

Messrs. A. Kiefer & Co., Indianapolis: Gentlemen—Having but little faith in Hair Restoratives I was, after much hesitation and with great reluctance, induced to try a bottle of Lyon's Kozonkium. My hair was gray, coarse and harsh, and so that for years, whenever combed or brushed, it would break off. Upon using the Kozothium a speedy and desirable change took place. My hair became live and lustrous, regained its natural color, ceased to break off, and is now as soft, elastic and glossy as anyone need desire. As a hair dressing I now find it indispensable, and indorse it heartily for all purposes for which it is recommended. MRS. FANNIE B. WAMSLEY.

From a Popular Hardware Man.

INDIANAPOLIS, July 1, 1884.

Messrs. A. Kiefer & Co., Gentlemen:—I have an antipathy to all so-called hair restorers. A few weeks ago, however, giving way to the persistent entreaty of a friend, I tried Lyon's Kolothium. I am delgted with it. My hair, which was very grab, has been restored to its former natural color. It is no longer harsh and coarse, but is smooth, glossy and healthful, and my scalp feels better than it has for years. I cheerfully bear testimony to the fact that Lyon's Kozothium is a true restorer of the health and natural color to the hair, and heartily indorse it. It is not only a cleanly remedy, but it is an admirable hair dressing, and now that I know its virtues I would not, under any circumstances, be without it.

Yours very truly, W. F. QUIGLEY.

From one of the Best Known Insurance Men in Indiana.

INDIANAPOLIS, July 5, 1884.

A Kiefer & Co., Gentlemen—For some time my hair has been falling out, threatening me with baldness. I used Ayer's Hair Vigor, Hall's Hair Renewer and other remedies with no effect. My scalp has always given me trouble; being covered with scales, the result of a scrofulous affection. Recently I was prevailed upon to try Lyon's Kozothium. The effect was wonderful. Not only was the falling of hair promptly arrested, and a new growth of hair stimulated in its stead, but the scales were removed from the scalp, which is no longer feverish and uncomfortable, but cool and healthful. My hair, which was exceedingly gray, has resumed its natural color, my beard, to which it is restoring the natural color, though more slowly than to my hair, I recommend it with confidence as a medicine for the scalp, a hair tonic and a hair restorer.
